

BENEDIKO

HANDCRAFTED LIGHTING & FURNITURE

2023

WELCOME...

CREATIONS IS WHAT WE DO BEST AS HUMANS, so Benediko was born naturally as a need and desire at the same time. As a need to represent something quite different from the rest and desire to create beautiful and inspiring pieces that would be loved, pieces that would evoke emotions and add character to the spaces.

At Benediko we value two concepts above all others, design and craftsmanship. We draw our inspiration from forms of nature always influenced by our personal intuition and interpretation. Then it takes very special Makers to turn our designs into reality.

All our lighting pieces and furniture are being produced in small exclusive workshops, which are specialised in producing small scales by selected groups of artisans across many disciplines.

Each piece is fulfilled by a single craftsman to our exacting standards, signed and dated by the craftsman who built it.

A photograph of a modern dining table. The table has a light-colored, textured top, possibly made of stone or a composite material, with a thin gold-colored edge. The base is dark, possibly black or dark brown, and features a curved, sculptural design with multiple vertical supports. The table is shown from a high-angle perspective, leaning slightly to the right.

LAMPSHADE LININGS

When choosing your beautiful lampshade, have a think about the lining.

LININGS are available in Silk and Satin or Gold, Silver, Cream and White card.

Clear lining is available to maximise light output.

Gold, Silver, Cream and White card both block out the light through the body of the shade, and bounce the light around the inside of the shade and above and below.

Silk or Satin linings are a lovely way to customise design and offer a softer alternative to card linings. From bright and practical to muted and atmospheric, all our fabrics can be interchanged between inner linings and external fabrics.

Do contact us for swatches and advice.

CUSTOMISATION

WE DESIGN,
WE CREAT,
WE ADAPT!

At Benediko every product is made-to-order by our skilled team. It's that expertise which means that we can offer so much flexibility and customisation. From smallest details of the wiring specification, to changing the proportions of a piece of furniture or designing a totally bespoke piece.

ALTERNATIVE DECORATIVE FINISHES

Our painted products are generally supplied with two or three standard finishes. If you require an alternative finish this is usually possible.

Occasionally your chosen finish may not be suitable for the product you have selected. In this instance a sales adviser will contact you to discuss alternative options. Benediko products are individually hand made to order therefore it is not possible to guarantee an exact match to any product that you may have previously purchased.

CUSTOM SIZING

Custom sizing refers to a change in size of a base, top OR an entire piece of furniture. It can also apply to Upholstered Furniture range and Mirrors. Please refer to specific product information to clarify suitability for custom sizing.

The resizing of an item will require a quotation. Please be aware of the aesthetic impact of changing sizes and proportions of furniture. Our experts can discuss any aspect of your custom piece with you. Please contact Head Office for more information.

PRODUCT AND CARE INFORMATION

In order to maintain the appearance and nature of your products we recommend that you follow the care instructions below.

PLEASE ALWAYS ENSURE THAT LAMPS ARE DISCONNECTED FROM A LIVE ELECTRICAL SOURCE BEFORE CLEANING.

SCULPTED, PAINTED AND GILDED DECORATIVE FINISHES

Sculpted, Painted and Gilded Decorative finishes should be dusted with a soft, dry, lint-free cloth without the use of any cleaning products.

LAMPSHADES

Our lampshades, particularly the silk, should be kept away from direct sunlight. Dust can be removed by gently vacuuming or lightly dusting with a dry, lint-free cloth.

FURNITURE

Benediko furniture is hand-sculpted and hand-painted, and special care and attention is required to retain their finish and quality. If your furniture is destined for an area where it will receive heavy wear then we are able to quote to provide of a protective glass top.

Furniture should not be placed in direct sunlight or have hot or cold items directly on the surfaces. Items on the surface of the furniture should not be dragged across or the furniture itself always lifted clear of the floor when moving.

FURNITURE TOPS

We recommend that our furniture tops should be dusted regularly using a dry micro-fibre cleaning cloth.

WALL FIXING OF FURNITURE

Where furniture items are listed as requiring wall fixing, the wall fixing brackets are included as part of the design of the product. Consoles which are fixed to the wall are not designed to bear an unreasonable weight and care must be taken to distribute any load evenly.

MIRRORS

Use a proprietary glass cleaner on mirror glass area ONLY. Treat frame as other painted finishes.

POLICIES, STANDARDS AND WARRANTY

WARRANTIES

All lighting products are made using the finest materials and wiring assembly processes are carried out and monitored to the highest standards. Unless particularly delicate features of a product design are either obvious or specifically drawn to the attention of the buyer or user, it is warranted that all such items are of contract quality and suitable for use in commercial interiors wired and tested to all relevant, and current standards and CE marked provided with Certificates of Conformity as and when required. All products are assembled with the use of European Standard components.

GENERAL

Benediko Design GmbH reserves the right to discontinue items without notice.

All our products are delivered with 2 years warranty except lampshades (where a 1 year warranty applies) against manufacturing defects. The warranty excludes damage resulting from shipping, accidents, alteration, misuse, tampering, negligence, abuse, or ordinary wear and tear.

Benediko Design GmbH is not responsible for damages relating to natural fading or discolouration, oxidation, humidity, prolonged exposure to sunlight and to salt air or other unsuitable environmental conditions.

Wood, stone, glass, iron and other decorative materials vary in tone, colour, character and texture: variations are inherent in such materials and finishes and should be expected.

DATA PROTECTION

We will naturally ensure that your interests are protected according to the legal data protection regulations. In addition, we guarantee that as a BENEDIKO customer your address data will not be passed on to third parties. If you no longer wish to receive our offers in the future you may oppose our use of your data for advertising purposes.

DESIGN POLICY AND COPYRIGHT

All products are exclusive designs belonging to Benediko Design GmbH. Please do not submit design sheets featuring Benediko products to other manufacturing companies. Any manufacturer found to be re-producing a BENEDIKO design will be breaching copyright or EU Design Right laws.

WEBSITE POLICY

Please contact Benediko Head Office in advance of designing a website which includes any BENEDIKO images. In appropriate instances use of images will be allowed at the sole discretion of BENEDIKO and subject to signing a partner image licence and the following conditions.

- All websites featuring BENEDIKO images must be approved before going live
- Products must not be available for online purchase
- No prices should be detailed in any circumstances
- The text 'From the Benediko collection' must be included alongside any images featured
- BENEDIKO images are not to be changed or altered in any way
